

LOCATION REPORT 2019

The University Of New Mexico School of Medicine-Trained MDs

UNM SCHOOL OF MEDICINE - 2019 LOCATION REPORT

The Office of Program Evaluation, Education and Research at the University of New Mexico (UNM) School of Medicine produces the Location Report to provide a statistical overview of current practice location for UNM-trained MDs practicing in New Mexico in the past year, 2018.

QUICK FACTS:

Who was practicing medicine in New Mexico in 2018?

Among MDs practicing in New Mexico

- There were 2,067 UNM-trained MDs practicing in New Mexico in 2018 (Table 2A)
- Approximately 42% of all MDs licensed in New Mexico trained at UNM (2,067/4,894, Table 2A)
- UNM-trained MDs are practicing in 28 of New Mexico's 33 counties (Figure 6)

Among MDs trained at UNM School of Medicine

- 26% of MDs trained at UNM are practicing in New Mexico (2,067/7,834, Table 1A and Figure 1A)
- 23% of MDs who graduated from UNM's medical school are practicing medicine in New Mexico (431/1,845, Table 1A and Figure 1A)
- 21% of MDs who completed only their residency at UNM are practicing medicine in New Mexico (1,013/4,834, Table 1A and Figure 1A)
- 54% of MDs who completed both medical school and their medical residency at UNM are practicing in New Mexico (623/1,155, Table 1A and Figure 1A)

Among MDs trained at UNM School of Medicine in the BA/MD Degree Program

- 54% of MDs who graduated from the UNM BA/MD program are practicing in New Mexico (13/24, Table 1B and Figure 1B)
- 33% of MDs who graduated from the UNM BA/MD program and completed their residency out-of-state are practicing in New Mexico (3/9, Table 1B and Figure 1B)
- 67% of MDs who graduated from the UNM BA/MD program and completed their residency at UNM are practicing in New Mexico (10/15, Table 1B Figure 1B)

2018 Specialty Information

- 43% of all UNM-trained MDs in New Mexico are practicing in the primary care specialties of Family Medicine, Internal Medicine, Obstetrics & Gynecology, and/or Pediatrics (893/2,067, Table 3 and Figure 4)
- 92% of UNM-trained MDs in New Mexico who graduated from the UNM BA/MD program are practicing in the primary care specialties of Family Medicine, Internal Medicine, Obstetrics & Gynecology, or Pediatrics (12/13, Figure 5)

A Note on Terminology:

This report refers to all MDs who graduated from the UNM School of Medicine and/or completed all or part of their residency at UNM as **UNM-trained MDs**. This report only includes physicians who attended residency at the UNM School of Medicine that hold a Doctor of Medicine (MD) degree. Although the UNM School of Medicine also trains residents with a Doctor of Osteopathic (DO) medicine degree, they are not included in this report.

UNM-trained MDs fall into three mutually exclusive categories:

- MD degree from UNM, Medical Residency out-of-state (**MD Only**)
- Medical Residency at UNM, MD degree out-of-state (**Medical Residency Only**)
- Both MD degree and Medical Residency at UNM (**MD and Medical Residency**)

Table 1A: Retention of UNM-Trained MDs

	Medical Residency Only	MD Only*	MD and Medical Residency	OVERALL
Graduates	4,834	1,845	1,155	7,834
Graduates practicing in NM	1013	431	623	2,067
Percent of graduates practicing in NM	21.0%	23.4%	53.9%	26.4%

Table 1B: Retention of UNM-Trained MDs (BA/MD only)

	BA/MD MD Only*	BA/MD and Medical Residency	BA/MD OVERALL
BA/MD graduates	9	15	24
BA/MD graduates practicing in NM	3	10	13
Percent of BA/MD graduates practicing in NM	33.3%	66.7%	54.2%

Figure 1A: Percent of All Graduates Practicing in New Mexico

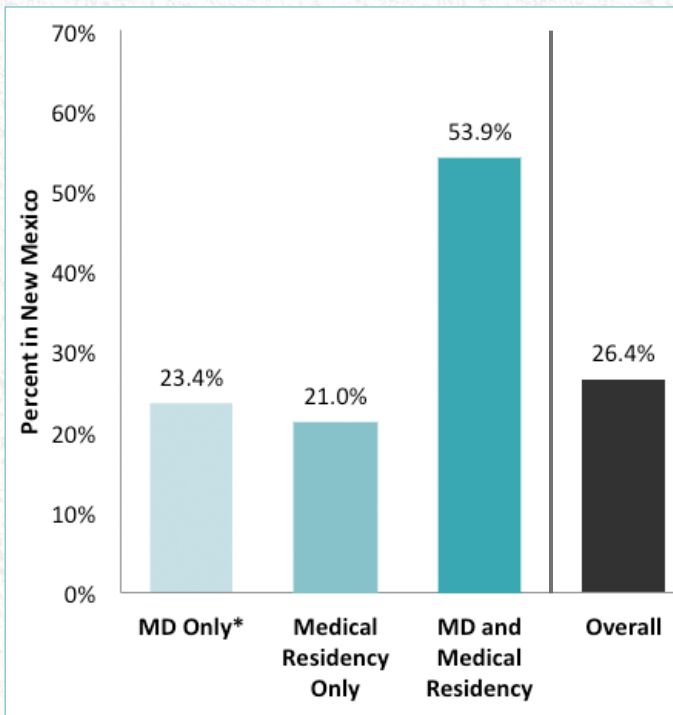

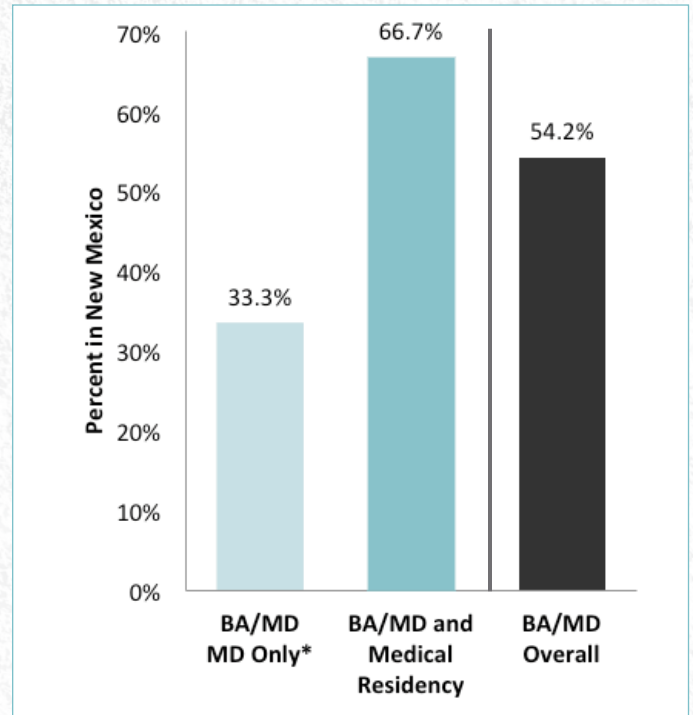

Figure 1B: Percent of BA/MD Graduates Practicing in New Mexico

*The Office of Program Evaluation, Education and Research excludes 2016+ graduates from the total number of MD graduates as they are presumed in residency. However, the total number does not necessarily exclude graduates that continue training beyond three years of residency.

Figure 2: Total MDs and UNM-Trained MDs Practicing in New Mexico (2003-2018)

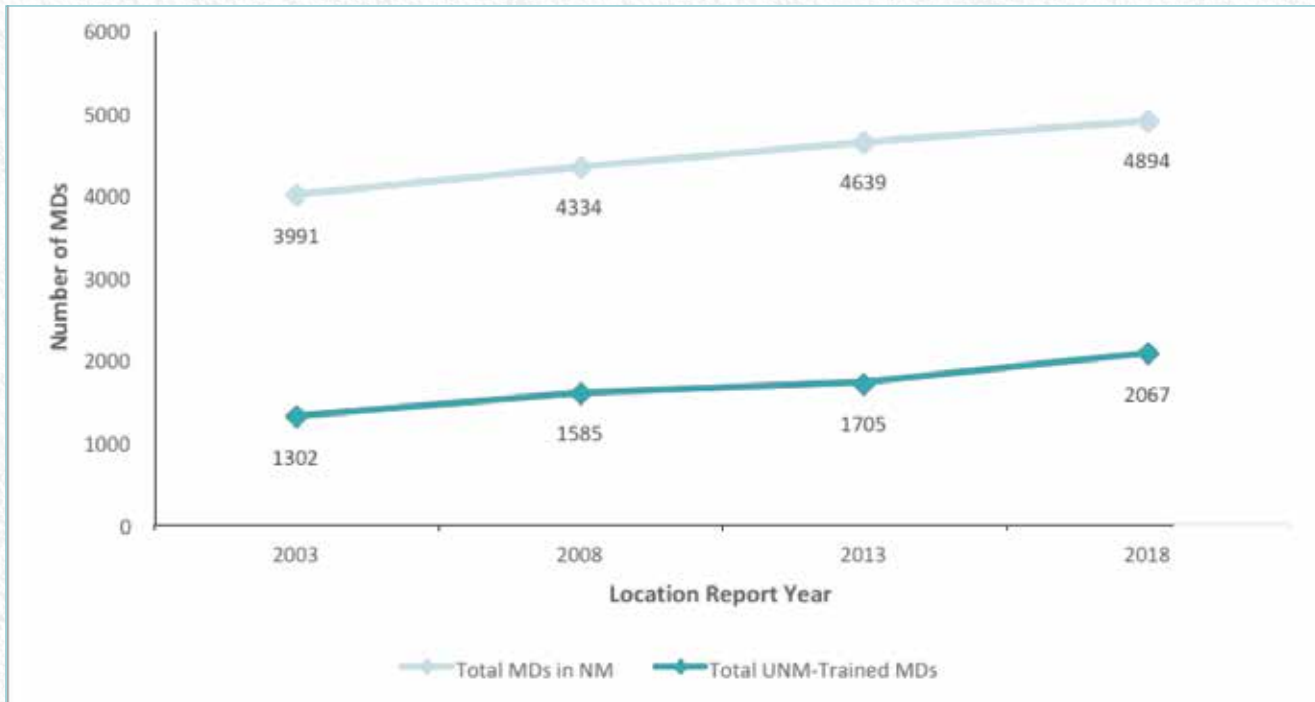

Figure 3: UNM-Trained MDs Practicing in New Mexico by Training (2003-2018)

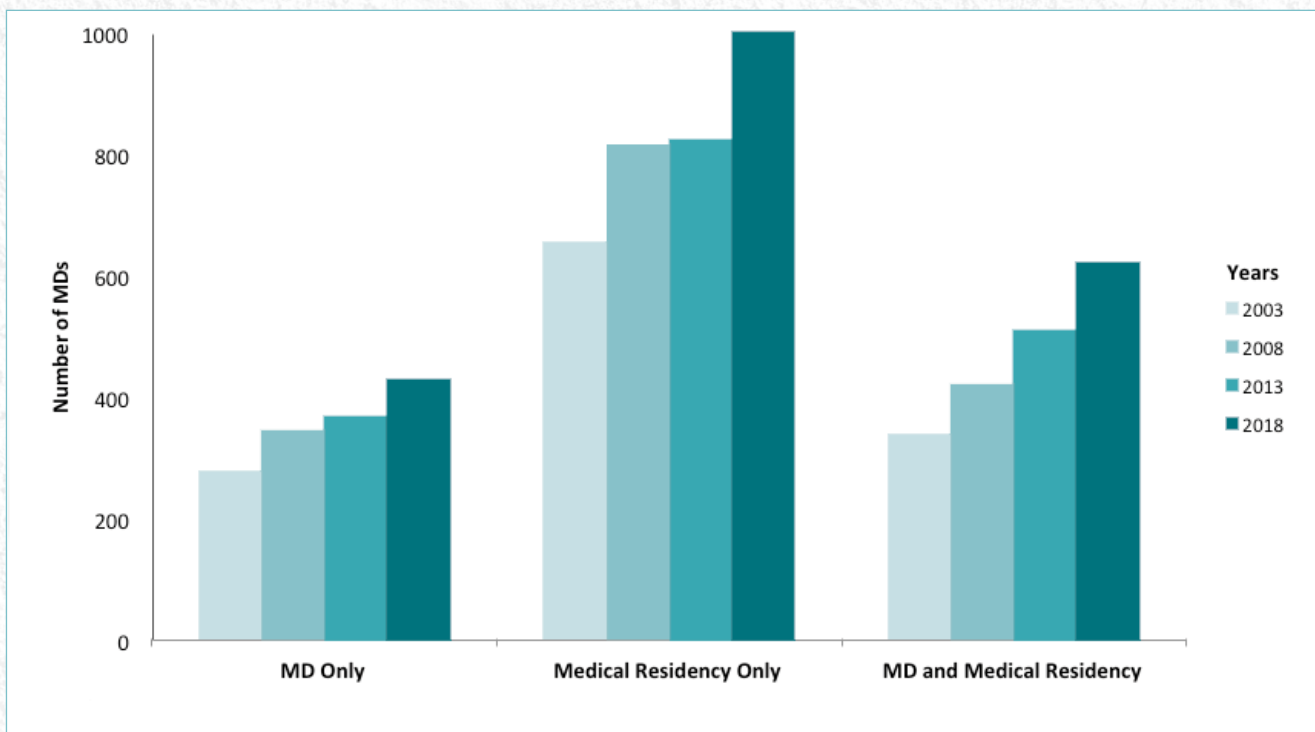

Figure 4: UNM-Trained MDs Practicing in Primary Care Specialties in New Mexico (2003-2018)

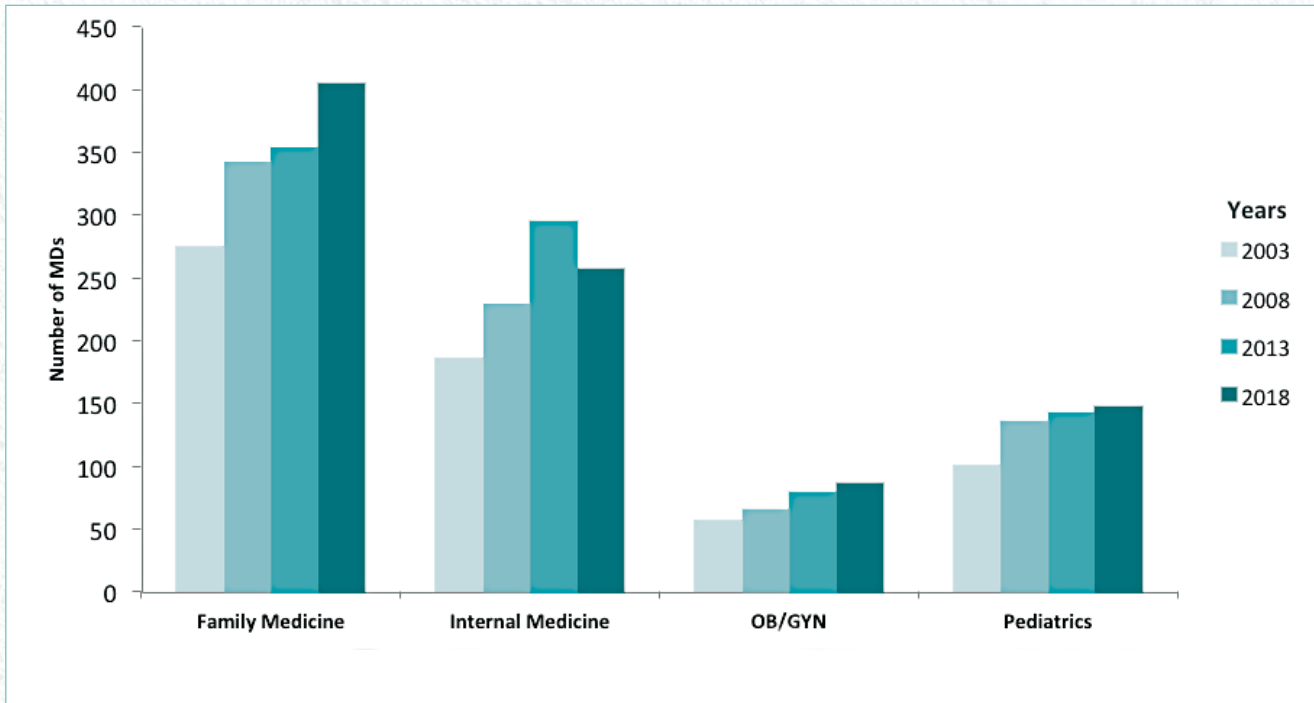

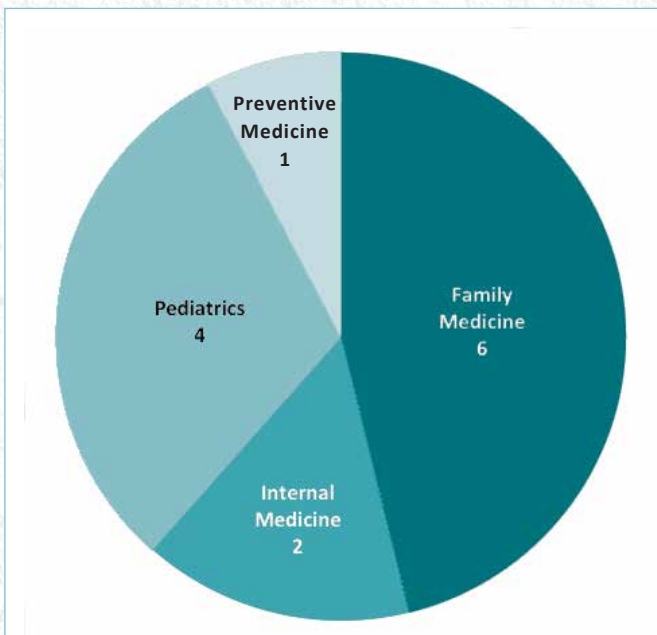

Figure 5: BA/MD Graduates Practicing by Specialty in New Mexico (2018)

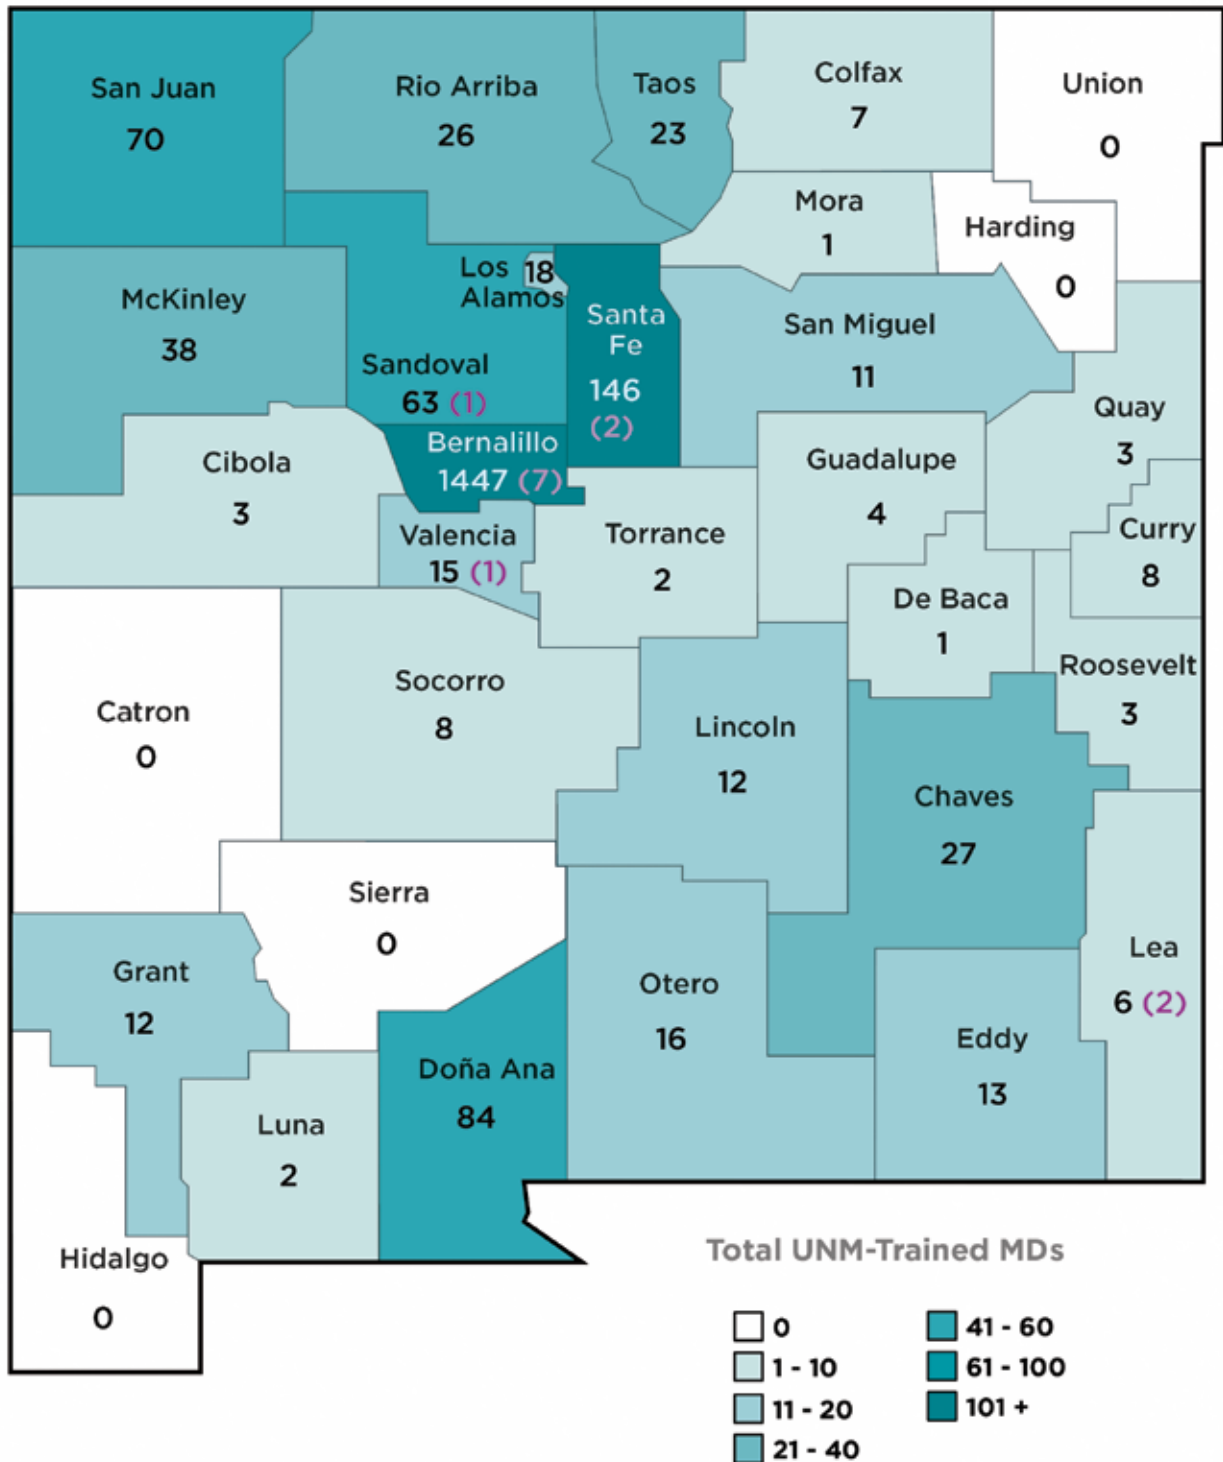

Thirteen of the 24 in practice are licensed in New Mexico. Ten of these 13 practicing in New Mexico completed residency at UNM (77%). See Table 1B. Twelve of the 13 chose a primary care specialty (Figure 5).

As of 2018, the program has 74 MD graduates with 50 of these MDs currently in residency training.

The first BA/MD program medical school graduates received their MD degrees from the School of Medicine in 2013.

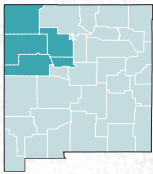

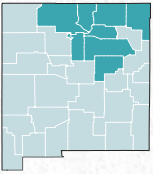

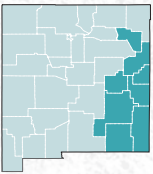

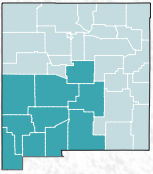

BA/MD program graduates earned a baccalaureate degree through the College of Arts & Sciences and their MD degree at the School of Medicine.

Figure 6: UNM-Trained MDs Practicing in New Mexico by County (2018)*

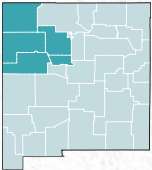

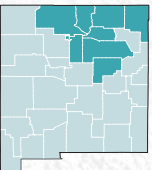

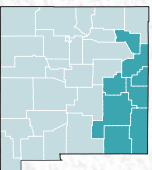

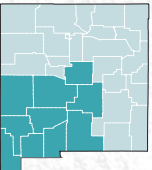

*The (#) in purple indicates the number of BA/MD graduates practicing in that county.

LOCATION REPORT: THE APPROACH AND METHODS

This year's report includes data about graduates of UNM's Combined BA/MD program. This partnership program between the UNM College of Arts & Sciences and the UNM School of Medicine is designed to help address the state's physician shortage by training students committed to serving New Mexico communities.

With this report, the Office of Program Evaluation, Education and Research at the University of New Mexico (UNM) School of Medicine strives to provide the best available information about UNM-trained MDs who were licensed to practice in New Mexico in 2018. Please note that recent relocation by these individuals may not be reflected in our data.

Each Individual included in the Location Report:

- 1) Has a Doctor of Medicine degree (MD)
- 2) Is a UNM School of Medicine and/or Graduate Medical Education graduate
- 3) Had an active Medical Doctor or Telemedicine license from the New Mexico Medical Board in 2018
- 4) Had a New Mexico practice location in 2018

This report includes all University of New Mexico SOM MD recipients from 1968 through 2015 and all MDs who completed medical residencies at UNM Hospital (formerly Bernalillo County Indian Hospital) from 1955 through 2018.

The UNM SOM's Office of Medical Student Affairs and the Office of Graduate Medical Education provided the lists of UNM SOM MD recipients (since 1968) and former residents (since 1955), respectively. UNM SOM's Office of Advancement and Alumni Relations supplied demographic information to help distinguish graduates. When known, deceased and retired graduates are removed from the total number of UNM-trained MDs.

After these lists were obtained, UNM graduates were matched to active MDs with a New Mexico medical license. Active MD information is obtained annually from the New Mexico Medical Board. The graduates with an active New Mexico license were next researched using public information available from the Centers for Medicare & Medicaid Services National Plan and Provider Enumeration System (NPES) National Provider Index (NPI) registry, the American Board of Medical Specialties, other state medical boards, and additional online resources to pinpoint practice locations and specialties.

The Office of Program Evaluation, Education and Research would like to acknowledge the following employees for their involvement in this report: Jamie Riera (Data Manager and Lead Author); Nancy Shane, PhD (Program Evaluator); Rebecca Hartley, PhD (Executive Director).

About UNM School of Medicine

- UNM School of Medicine graduated its first class of MDs in 1968. Before the UNM School of Medicine was created, there were residencies at the former Bernalillo County Indian Hospital (currently University of New Mexico Hospital), with the first residents graduating in 1955.
- On average, there are 400 medical students and 590 medical residents and fellows in training at the UNM School of Medicine.
- Each year, approximately 100 medical students graduate and 180 medical residents and fellows complete their training at the UNM School of Medicine.
